

i don't wanna kiss love goodbye - sienna tenn

it's just like heaven
angels in your touch
coffee in the evening
home is where your heart is

i get so tired when i'm with you restless on my own
isn't life a nightmare
when your dreams aren't by your side i won't be

kissing love goodbye
i won't be talking with my eyes
i won't be waiting on the time
i won't be kissing love goodbye

the feeling's lately
more than i can speak
when you're laying with me
you give me reasons to believe in

nobody understands it neither do we
all i really know is you're the one for me

don't say goodbye
no i won't close my eyes
cause i don't wanna kiss love goodbye

oh love goodbye
oh no i get so
tired when i'm with you
cause baby you're a dream
no i don't wanna kiss love goodbye
